

OCTOBER 19, 2018

Meet Todd Noe of NOEdesignCo. & MaidenSteel

Today we'd like to introduce you to Todd Noe.

Thanks for sharing your story with us Todd. So, let's start at the beginning and we can move on from there.

I story began as an artist who created sculptures in metal. In 2001, I was commissioned to fabricate custom, Stainless Steel Handrail for a client in Encinitas.

My career then blossomed into the architectural metals business in which, 16 years later, I now sit at a desk, surrounded by creatives and skilled artisans.

Serving Residential and Commercial, I have a portfolio of work completed around the continent including high profile clients.

We're always bombarded by how great it is to pursue your passion, etc. – but we've spoken with enough people to know that it's not always easy. Overall, would you say things have been easy for you?

My career started fast and didn't wait for me to keep up. There were much learning and maturity that happened along the way. These challenges are what have defined me through the years. I never give up, and I will never quit, nor have I taken the easy approach to anything.

So let's switch gears a bit and go into the NOEdesignCo. & MaidenSteel story. Tell us more about the business.

I own two business:

-Noe Design Company: Specializes in high-end architectural metal work. We are full-service studio offering Design+Engineering+Build+Fabrication solutions. Our work is not only limited to metal, we offer solutions that include Wood, Glass, Concrete, Acrylic, and LED lighting and other materials.

I am most proud of my portfolio and the employees in which I've acquired over all these years. Everyone at Noe Design Co. and Maiden Steel has a high level of pride that is evident in our cutting-edge design and high-quality work that we produce.

-Maiden Steel is a compilation of high in-demand works, developed by Noe Design Co. for the public as a built-to-order product offering.

Has luck played a meaningful role in your life and business?

Luck is a BS term. I owe my success to hard work, determination, refusal to quit, and my TEAM.
